A View of Buist's Garden Seeds being put up in Packets by Electric Machinery which avoids all errors in either their Gauge or Variety.

BUIST'S SEEDS in packets are not commissioned, if they were they would very soon lose their established reputation for reliability. BUIST'S are of new crop each season. Commissioned Seeds may have been when first put up, but that may have been ages since.

SPECIAL QUOTATIONS. Owing to the scarcity of many varieties this season these quotations are only for prompt orders, which we will book now and ship at any date desired. IF YOU ARE a large purchaser of seeds, it will afford us great pleasure to make you special quotations by letter if you will kindly enclose us a list of your requirements.

NOTICE. We sell 10 pounds or over at the 100 pound quotation.

TERMS OF SALE. Four months credit—cash discount, five per cent. if paid within ten days. Accounts are subject to draft when due. Purchases on Special Quotations, sixty days credit or two per cent. for cash.

NET CASH GOODS are Onion Sets, Potatoes, Field Corn, Bird Seed, Grass, Clover, and all other Agricultural Seeds, and must be remitted for when ordered or be subject to sight draft on shipment.

PERISHABLE GOODS. Onion Sets and Potatoes are always shipped by us in the very finest order, and packed to carry safely; but as they are subject to damage by excessive heat or cold in transit, over which we have no control, such risk must be assumed by the purchaser. No claims can be allowed for damages.

BARRELS—BOXES—SACKS are CHARGED at COST.

BARRELS, BOXES and SACKS are not returnable for credit, and will only be accepted to be used on future orders.

We **DELIVER** all **GOODS** F. O. B. PHILADELPHIA.

SEED CABINETS. Display Cabinets made of ash at \$2.00 each. Flat Walnut Cabinets at \$2.50 each. These Cabinets contain no seeds.

It is to the interest of merchants who sell seeds to keep BUIST'S GROWTH, as no seeds are ever put up in packets but the new crop of each season, those left over from the previous year are cut out whether they grow or not. The result is their seeds will grow equally as well the second year as the first, and many will grow equally as well the third year; such as Beet, Cabbage, Collards, Celery, Cucumber, Kale, Lettuce, Mustard, Parsley, Radish, Pumpkin, Squash, Tomato and Turnip, that is, of course, provided they have been properly kept from heat or dampness.

PEAS.

Crop Short.

The Buist Morning Star Peas, which we introduced a few years since, is the earliest and most productive variety known, and is regarded by Market Gardeners as their best and most profitable shipping variety. For protection to ourselves and to insure the purchaser true stock, we sell them only in our Sealed Packages and Lead Sealed Sacks, each Seal is stamped Buist. The latter are of green muslin and contain $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$, or one bushel each. Its great popularity has caused almost ever dealer to catalogue them and a cheap grade of Extra Earlies is substituted. Observe, unless they are put up in green sacks and lead sealed with our name they are spurious.

COLLARDS.

WE MAKE the growing of Collard Seed a specialty, and annually sell more seed than any other house in the trade. It is acknowledged that we have the best heading White Stem Cabbage Collards known in the South. The great importance of securing a fine strain is well known by every Southern merchant, as it is one of their most important crops. The cheap Seed offered by the trade is imported from England and is more of a Kale or Wild Cabbage than Collards, and causes great dissatisfaction.

EGG PLANT.

Most of the Egg Plant Seed sold by the trade is of Southern growth, which, owing to poor seed stock, produces imperfect fruit, both in form and color. The seed which we offer is of our own growth (we annually grow 25 acres), and there is no finer stock known than the Buist's Improved, which is the best market variety.

BUIST'S SELECTED ONION SETS

We are the most extensive growers and shippers of Onion Sets in the trade, with a reputation of shipping the finest samples. They are smaller, more uniform in size, and better cleaned than those of Western growth, and will keep longer without sprouting. We also use a 7/8 mesh in cleaning them, while Western and many other growers use an inch, making our sets of much smaller size and more salable. We fan and clean each order separately, Onion sets are sold for net cash and subject to cost for barrels and crates for packing them.

These quotations are for immediate orders, and for shipment during December or January as required, for these months we supply 38 lbs. to the bushel, and not 32, as are given by Western houses.

The Buist's Mixture of Grass Seeds for Lawns, Parks, Tennis and Cricket Grounds has long been famous for producing a succession of verdure throughout the year. It is composed of the finest varieties of grasses, each of which has its season of beauty, and the result of this blending is the producing of a sod which is not only always evergreen and velvety in appearance, but of the color and beauty of an emerald. Many of the more famous lawns of this country were seeded down with the Buist's Lawn Grass, the preparation of which is a specialty with our house, which many years of experience has suggested; it requires from 4 to 5 bushels to sow an acre, or for renovating old lawns about half that quantity.
